

## Response ID ANON-1W84-EJDA-8

Submitted to **Hammersmith & Fulham Draft Air Quality Action Plan 2018-2023**

Submitted on **2017-10-31 10:19:05**

### Consultation questions

**1 Do you agree with the council's priorities listed in section 2 of the consultation document?**

Yes

**2 If 'No,' please let us know what we should change in the space below.**

Let us know what we should change :

**3 Do you agree that the council should be taking the actions listed in Table 1 of the consultation document?**

Yes

**4 If 'No,' please let us know what you don't agree with in the space below. Please include the action number in your response.**

What don't you agree with:

**5 Do you think the council should be taking more actions than those listed in Table 1?**

Yes

**6 If 'Yes,' please let us know what we could add to this plan in the space below.**

**If 'No,' please let us know what we could add to this plan:**

We believe the Air Quality Action Plan must additionally address deliveries, both commercial and individual, in town centres. Click & collect should be promoted more as an alternative to deliveries, including the use of tools such as the HammersmithLondon clickcollect website, and town centre consolidated delivery strategies need to be supported. Businesses and shopping centres must have freight consolidation measures and waste collection consolidation must be implemented in town centres.

National initiatives such as Walk to Work week and National Bike week should be encouraged through the Healthy Workplace Charter with the aim of reducing vehicle usage and changing behaviour in the workplace.

Furthermore, an annual car-free day in town centres should be piloted, with the aim of increasing this to monthly/weekly.

**7 If you have any other comments on the Draft Air Quality Action Plan please provide them in the space below.**

**Any other comments :**

HammersmithLondon believes that with the additions suggested, the plan is very comprehensive and would be happy to support it.
